UNION PRESIDENT

*Lloyd Grisdale*

## **PRESIDENT'S GREETING**

It is the purpose of the Students' Union to direct the extra-curricular activities of its members. Your Students' Union offers you entertainment and training in a great number of different activities. You may, if you so desire, become a fencer or a swimmer; a singer or a debater; a radio announcer or a newspaper man; all under the direction of your Students' Union. Our aim in putting out this combined Handbook and Telephone Directory is to show you the great variety of activities offered by your Students' Union and to facilitate your entering them.

All the facilities, equipment, clubs and organizations are yours to use. Your Council hopes that you will use them.

LLOYD GRISDALE.

## FOREWORD

It has been the feeling of your Students' Council for a number of years now that the students of this University fail to utilize to the fullest extent possible the various activities offered by the Students' Union due to a lack of understanding as to just how to gain entrance to the various clubs functioning under the Union.

This little book will, it is hoped, not only serve the very convenient and essential function of the Telephone Directory, but as well, serve as a handy reference book of University clubs and functions; when they meet, where, and who are the officers that one should approach for further information regarding them.

It is in no way an attempt to replace the constitution, but rather a supplementary pamphlet applying the constitution to the current year with essential and factual information on Students' Union activities.

Apologies are offered for any errors or omissions, and suggestions for the improvement of future publications are more than welcome.

R. A. M.

## A WORD TO THE WISE

This book is your Telephone Book and Guide while at Varsity. Carry it with you, and remember that it serves not only as a guide and friend to you in contacting your clubs and fellow students, but as a guide to reputable city firms who have, for years, given Varsity students better service and shown their faith in student enterprise by making these publications possible.

For your convenience these firms are listed below, so that you need go no farther than your handbook for overtown needs as well as campus information.

# STUDENTS' UNION GOVERNMENT

## ITS COUNCIL, ITS ASSOCIATIONS AND THEIR CLUBS

Budget your time, select your activities and let your Students' Council prove to you the fun and value that you can gain from extra-curricular activity. If you are interested in a sport, look it up under the Athletic Associations; see when, where and for how long it meets, the instruction and equipment provided, and any requirements which members must meet. If your interests lean towards literary activity or newspaper work, just look it up.

## CHAPTER I.

### THE STUDENTS' UNION

The Students' Union is a body delegated by the Senate of the University for the precise purpose of promoting all extra-curricular student activities. All students enrolled at the University of Alberta immediately become members of the Students' Union upon the payment of the regular fee at registration. (For table of fees see Section VII, 2, of the Students' Union Act, Constitution.) The income from this compulsory levy is divided among all the various Union organizations.

Every member of the Union is entitled and encouraged to vote at all student elections, to receive the benefits offered by the Union in any or all extra-curricular activities promoted by the Union, and to represent the University in any activity to which the authority of the Union extends. (Note: This is subject to regulations re scholastic standing—see Calendar.)

All legislative, administrative, executive and judicial powers of the Union are vested in a Students' Council and its component parts. This year's Council under President Lloyd Grisdale and composed of the eighteen members listed on the preceding page, meets the second and fourth Wednesday of each month at 7:30 p.m., in the Arts Building, and although Students' Union, members cannot take part in the discussion unless so requested by the Council, all interested are welcome to attend.

The Students' Union is a miniature model of a democratic state in which the Students' Council represents the government. The election of officers for Council positions for the 1943-44 session will be held on the second Wednesday in March, 1943, with nomination day the Wednesday preceding. All students are urged to acquaint themselves with Section V of the

Students' Union Act in the constitution, to keep their eyes open for prospective councillors, and to take a keen, active interest and part in nominating and voting in this spirited race for student office.

Two general meetings of the Students' Union are held in Convocation Hall each session, at which time all lectures are cancelled. The first meeting will be held on November 7, 1942, at 11 o'clock, mainly for the presentation of the year's budget. The second will be held on March 6, 1943, at 11 o'clock, for the election speeches of candidates for Union offices for the coming term. Don't miss them. You'll probably miss a riot.

The Council is top-dog in all matters of extra-curricular student activity. It governs the appointment of officers for all Union publications and governs the policy, financial and otherwise, of all these and Union clubs. A big job, you say, and right you are; but it can be made much easier by your whole-hearted co-operation. Constructive criticism and suggestions are welcome whether they have regard to the Union itself or the University as a whole. Just write them down and leave them on the notice board in the Students' Union Office (Arts, Room 159) for Secretary Bob Black, or better still drop in and talk it over with the boys.

## CHAPTER II.

### THE LITERARY ASSOCIATION

Pres.—Jerry Amerongen, 9938 114th St.....82796  
Sec.-Treas.—Jack de Hart, 11151 89th Ave.....31975

The Literary Association, or rather its component bodies—Philharmonic, Dramatic, Debating and Political Science Societies—forms one of the largest extra-curricular activities on the campus. It is a rather loose grouping of several distinct organizations with literary aims, with an executive composed of a president, a secretary-treasurer and the presidents of the previously mentioned clubs, for the purpose of avoiding conflict between them. Its President and Secretary-Treasurer are elected at the same time and in the same manner as are other Council members, and through these two officers, who sit on Council, the demands and views of the societies are represented at Council meetings.

The Literary Association exists for the benefit of the student body, all expenses being borne by the Students' Union, and every member of the Union is a member of the Association, entitled to vote in the election of all its executives. The only prerequisite to membership in any of its societies are interest and time, and you will be repaid many times over by the unique experience and good fellowship you will gain through your welcomed participation. As well, distinctive Literary "A" rings and pins are awarded to those making outstanding contributions in these fields of activity.

Are you interested? Give the President of that society a ring and he'll give you all the information you want, and as well, take a glance at bulletin board A from time to time to keep abreast of Literary doings.

The Literary Association as such, we must admit, is rather an intangible entity, but the

societies that make it up are going concerns, fully deserving the individual consideration they receive below.

### **The Philharmonic Society**

Pres.—Bill Stewart, 9922 88th Ave.....	31685
Vice-Pres.—Jean Murray, 11712 91st St.....	71552
Sec.-Treas.—Ralph Jamison, 11141 91st Ave.....	33675
Bus. Mgr.—Bruce Collins, 11002 88th Ave.....	33086

The Philharmonic Society provides an outlet for the talent of those University students who are musically inclined, giving them an excellent opportunity to engage in orchestral and choral music.

The Gilbert and Sullivan opera, "The Gondoliers," has been chosen for this year's presentation, and students will have an opportunity to witness the performance on January 28, 29 and 30.

Under such celebrities as Conductor Walter Holowach, Dramatic Director Tommy Dalkin, and the Chorus Director, who has not been appointed as yet, students will have an opportunity of getting some real sound training as well as have a great deal of fun.

The production demands a great many singers for both chorus parts and leads plus a complete orchestra of musicians, so now is the time to oil up the old vocal chords or trumpet, as the case may be, and get in this, the biggest and most successful of Union organizations. Rehearsals are held one evening a week plus Saturday or Sunday afternoons, so take one more look at that time budget of yours and make the big decision.

As yet the Council has come to no decision regarding a Calgary trip for the society, but an announcement will probably be made about the time this booklet is issued.

## The Dramatic Society

Pres.—Fred Simpson, 9930 89th Ave.....	32209
Vice-Pres.—Marg. Macleod, 8507 112th St.....	33977
Sec.— .....	
Treas.—Marguerite Hayes, 10249 95th St.....	24892

The Annual Play for the present session, "Watch on the Rhine," will be presented to the student body on November 27 and 28. This play, in the throes of rehearsals at the present time, is an all student production, directed by Mr. E. M. Jones.

The club also puts on the Interyear Plays for one night on February 13, at which time the four classes of the University vie with each other for dramatic honors. Not only are the actors and actresses chosen from the student body, but directing is done by students as well. One hesitates attempting to explain the success of these productions and their popularity with the students, but without a doubt one of the outstanding attractions is the diversity of themes presented. Don't fail to take in either the Annual or the Interyears. You'll thoroughly enjoy them.

The Dramatic Club also has under its wing the University Radio Players. This group will probably continue the fine start made last year by presenting weekly short plays over the University Radio Station CKUA. The president of the society suggests that there is a movement afoot to make the program more varied than in the past. Since no special committee has been set up yet to conduct this part of the Dramatic Club, those interested are invited to get in touch with Fred himself to find out just how the land lies.

Play Reading Groups have not as yet been formed, but anyone interested in becoming a member of one of these is directed to contact the executive.

## Make-up Club

Pres.—George Agnew, 11032 89th Ave..... 32401  
Sec.-Treas.—Betty Tregale, 11129 90th Ave..... 34279

This club meets Monday at 8 p.m., the room to be used to be announced later. It functions as a supporting club to both Philharmonic and Dramatic. Members are taught the skilled procedure of make-up application, and in turn provide these two societies with the color so necessary to their productions. The club receives its instruction from Mrs. Dick MacDonald, and is just the place for you if you want to get some concrete knowledge from your extra-curricular activities.

## Stage Crew

Although this industrious band is not graced with the status of a club, it, like the Make-up Club, functions for the benefit of the foregoing societies. Fred Simpson, President of Dramatics, is the guiding light, and those interested in stagecraft will find Fred only too pleased to make room for them among the back-stage men.

## The Debating Society

Pres.—Stan Edwards, 11151 89th Ave..... 31975  
Sec.-Treas. ....

The Debating Society conducts Open Forum debates throughout the year along with an Interfaculty Debating Competition for the "Hugill Trophy." Rumor has it that the Lawyers at present hold and boast complete ownership of the said trophy. They are, however, condescending enough to invite challenges, and will, we are told, actually get down on the floor and debate with ordinary people from the other faculties. Come, now. Isn't it about time someone lifted that trophy from the "Moot Men's Library"? How about your faculty?

From those who display their ability in Interfaculty debates, the N.F.C.U.S. Intervarsity

debaters are chosen. The former, along with the Open Forum debates, are open to all, and the subjects chosen are interesting and instructive.

### **The Public Speaking Club**

Pres.—Mel Howey, 11009 89th Ave.....	32987
Vice-Pres.—Betty Ritchie, 9205 99th St.....	32613

This club is an outgrowth of the Debating Society. It meets Thursday evenings, the time and place to be announced later. Guest speakers give talks on the various aspects of the art of public speaking, and then act as critics of the speeches of the members. To the novice, valuable experience and expert instruction is offered. For the experienced orator it provides an appreciative audience and a helpful critic.

### **Political Science Club**

Pres.—Bob Galbraith, 8609 111th St.....	31784
---	-------

This club endeavors to promote constructive thought among students on present day problems. As the executive of the club is not completely formed yet, no definite program has been formulated. It is the hope of the president, however, that similar arrangements may be made with the Canadian Club as were made last year, namely, the use of some of their speakers. Meetings of the club are well advertised on the Bulletin Boards and in The Gateway, and are open to all. Each meeting is followed by a discussion period in which everyone is encouraged to take part.

## **CHAPTER III.**

### **THE ATHLETIC ASSOCIATIONS**

#### **Men's Athletic Association**

Pres.—Bob Schrader, 8527 112th St.....	33929
Sec.-Treas.—Jerry Larue, 10931 83rd Ave.....	32729
Vice-Pres.—Dr. Shoemaker, 10935 85th Ave.....	31172
Corr. Sec.—.....	
Fac. Member—Dr. MacEachran, 11619 Sask. Dr.....	32641

Fac. Member—Dr. Matthews, 7903 112th St.....32937  
 Pres. Big Block—Cooper Johnston, 11002 88th Av..33086  
 Alumni Member— .....  
 Presidents of Rugby, Hockey and Basketball. See below.

One member from each of the following groups of clubs:

- (a) Boxing, Wrestling and Soccer:
- (b) Track, Swimming and Skiing:
- (c) Badminton, Tennis and Fencing:

The University of Alberta Men's Athletic Association directly controls all branches of organized men's sport on the campus. It functions under the Students' Union and consists of representatives of all types of athletic endeavor, welding them together and governing the activities of each and every student in the athletic sphere.

In addition to supervising technical and financial details of athletics, the association strives to encourage every male on the campus to assist in at least one activity, whether as a competitor or in a managerial capacity.

The organization seeks to encourage Inter-collegiate sport to as great a degree as possible.

The Students' Union bears all expense essential for the maintenance of the clubs mentioned below. The cost of coaches, meeting places, equipments (as outlined under the individual clubs), and trips all being taken care of, and no Union member is asked to pay fees to any athletic club. Students are encouraged to use these privileges to the full, but any manager or student abusing Union equipment or privileges shall be severely dealt with by the Constitutional Enforcement Committee. (See Part V—Discipline.)

### Women's Athletic Association

Pres.—Kay Lind, 11019 88th Ave.....33623  
 Hon. Pres.—Mrs. W. H. Johns, 11119 86th Ave.....32359  
 Vice-Pres.—June McCaig, 8507 112th St.....33977  
 Sec.-Treas.—Roma Ballhorn, 11129 90th Ave.....34279  
 1st Year Rep.—Ruth Andrew, 11051 80th Ave.....31304

The Athletic Director—Miss Foskett.

Presidents of Basketball and Archery—See below.

The woman member of the executive of the joint clubs—Badminton, Fencing, Outdoor, Swimming, Track, and Tennis—See below.

The Manager of House League Basketball—See below.

The Women's Athletic Association at "Alberta" has always striven to maintain a high standard of athletics in every field. Although athletics must, of necessity, take a secondary place in campus life, it is an important phase of college training. The disadvantages to women taking part in athletics are far more apparent than real, the benefits derived from the intelligent participation in athletics far outweighing any disadvantages. For the good of her health and physical well-being, every girl should take part in some sport. This doesn't mean she must make a senior team, but it does mean that she should make an attempt, while at Varsity, to throw the javelin, to swim a better crawl, to play a little better game of tennis, or to become a little more proficient at slipping that old basketball through the hoop. She will learn courage, coolness, resourcefulness, above all, sportsmanship, and derive a lot of pleasure from her experiences at the same time.

This year the executive plans to revert somewhat to the system of intramural sport introduced with great success on the campus a few years ago. The exact set-up is as yet not known, but the motto of this year's association might be summarized as "The most good to the greatest number of girls through organized intramural sport."

Though constitutionally not a part of the executive, a very important committee, The Awards Committee, functions under the W.A.A. The committee is composed of a member of the faculty, Miss MacArthur, and a student, Chris Willox, and its object is to see that those girls

who contribute much in an athletic way to the University for the current year are rewarded for their efforts with distinctive awards.

## MEN'S ATHLETIC CLUBS

### Basketball

Pres.—Sammy Sheckter, 11707 88th St.....72351  
 Mgr.—Jerry Larue, 10931 83rd Ave.....32729

Varsity annually fields a strong senior basketball team for competition with other city teams, frequently the Air Force, and in the Inter-collegiate circuit. Whether the latter series with Saskatchewan will materialize for the present year is still a matter of question, though the possibilities for a travelling team are quite good at present. The team plans to utilize the floor in the Drill Hall which has been built for that purpose, but many, including myself, feel that this arrangement will prove rather unsatisfactory. Even if practices and Interfaculty games are capable of being played in the drill hall, it is the plan of the executive to hold any Inter-collegiate games held here in the new Garneau gym. The club is one of the best equipped in the University, with sweat suits and even practise uniforms. The coach for the senior team is Paul Kirk.

Interfaculty Manager: .....  
 plans to have the Interfaculty loop running early in November. A schedule of games will appear in The Gateway as soon as this has been decided upon, and every male student would be well advised to pack up the old running shoes and trunks and chip in his two-bits for his faculty on the basketball floor.

### Boxing

Pres.—Colin Ross, 11012 95th St.....21230  
 Sec.-Treas.—Vorece Wellman, 10911 83rd Ave.....34056

This Union club meets on Tuesday at 4:30

p.m. and Saturday at 1:30 p.m., in the St. Joseph's College gym. The coach, Alex. Wynnychuk, who did so well by the students last year, will again be putting them through their paces. The club has some thirty pairs of gloves in Central Check under its name, plus two dummies and a punching bag, so all you need to do to get some first class boxing instruction is to drop over to St. Joe's with your gym suit.

The matter of an Intercollegiate Assault-at-Arms is still hanging fire, but if one should be held, it is Alberta's turn to travel to Saskatchewan.

### Hockey

Pres.—Jack Quigley, St. Joseph's.....33008  
Mgr.— .....

Last year, because of lack of competition, the Hockey Club confined its attention to intramural activity exclusively. So successful was the plan, in fact, that this year it will be carried out again with little change.

There are usually four teams formed, with little respect to faculty, and if interest warrants it a B League will be formed. The Union provides sticks, pucks, sweaters, goal equipment and a limited number of pairs of gloves. Games and practises are held on the Union Outdoor Rink, and a schedule of these will be carried by The Gateway as soon as the ice surface is ready and the final arrangements made.

The intramural loop is fortunate indeed in having Stan Moher for its Director and Coach. Stan did a really fine job last year, and students will find that there is no better organized series in the University than that of the Hockey Club. You would certainly do well to get better acquainted with this going concern.

Although there are no true plans regarding a Senior team, one will be formed from the intramural loop to represent the University if the opportunity presents itself.

## Rugby

Pres.—Perk Baker, 11002 88th Ave.....	33086
Mgr.—Jack Jorgens, 11153 Sask. Drive.....	32787

Since the rugby season is over, very little need be said about this club, for the student body should be as well informed on this subject as they will ever be. Only two Senior games, with the Air Force, have been played as this book goes to press, but there is some talk even now that the winners of the City Junior League may meet Varsity, or rather a team of Senior team players of Junior age. Let's hope this game materializes, for we can stand more rugby like that played already this year.

For future reference it might be well to mention that the Students' Union, in the Central Equipment Check, has some sixty complete rugby outfits, forty of which could be classed as being in excellent or good shape. Rugby players at the U. of A. need supply nothing in the way of equipment.

A very successful Interfaculty League under Mgr. Bob Robertson, 11002 88th Ave., Phone 33086, is at present in progress, and the publication of this booklet will no doubt see the Med-Pharm-Dent team well on the way to the championship. If you didn't play Interfaculty rugby this year, you just haven't lived. All the equipment is Union provided, and you will be very wise to put this down on your participation musts for next year.

## Wrestling

Pres.—Dick Corbet, 11116 84th Ave.....	31272
Sec.-Treas.—George Ballantyne, 11129 90th Ave.....	34279

The Wrestling Club meets twice a week, on Tuesday at 4:00 p.m. and on Saturday at 1:30 p.m., in the St. Joseph's College gym. Stu Hart is to be the coach for the present session, so you may be sure of some good instruction. The Union supplies mats and weights for would-be

Charles Atlases, but members supply their own gym equipment and towels. As already mentioned in connection with the Boxing Club, the Assault-at-Arms, if held this year, will be at Saskatchewan.

### **Soccer**

Although the Union has all the equipment for soccer, this club has not functioned for the past few seasons. Here is an opening for some budding young executive and soccer enthusiast to put a feather in his hat by putting this club back on its feet.

## **WOMEN'S ATHLETIC CLUBS**

### **Archery**

Pres.—Betty Montgomery, 11006 Univ. Ave.....33011

This thriving club meets in the Drill Hall on Thursdays from 8 till 10 p.m. The Union has provided it with twenty-five bows, three targets, as well as arm guards and plenty of arrows, so prospective members have no worries as far as equipment is concerned. The question has been raised as to whether girls require instruction in this fine art, but just in case they do, Coach Watson McCrostie is always on hand for that purpose.

The meetings are usually spent as practise and instructional periods, with an occasional intra-club tournament and a final tournament at the conclusion of the session to round off the program. The club plans to terminate the session with a small get-together, probably in the form of a theatre party, to talk over some of the highlights of the year.

The executive is, as well, exploring the possibility of entering the nationwide tournament, conducted by mail.

Although the club to date has been a strictly feminine business, any mere male who is interested may make enquiries of the president, for

if interest warrants it, a joint club is a definite possibility.

**Basketball**

Pres.—Lois Belyea, 12424 103rd Ave.....81505

Although a multitude of complications have confronted this club this season, it is definitely on the upward climb now, and we may look forward to some more definite news in the near future.

A Senior team is to be formed, and in all probability an Intercollegiate series will be arranged. If this does materialize and Saskatchewan fields a fighting five as they did last year, it might almost be a good idea to have the girls turn out once a week with the Wrestling Club.

The Senior team is well equipped by the Union with both playing and sweat uniforms, and believe me, making the senior team is quite some honor, an opportunity you shouldn't miss making a try for.

In keeping with this year's W.A.A. motto, a live-wire Interfaculty League is at present being drawn up, and here is just the place for you to work in that necessary exercise with a maximum of fun and enjoyment. The manager has not as yet been appointed, but since it is one name and number you are sure to want, just follow The Gateway and slip it in below when it appears.

Mgr.— .....

**JOINT MEN'S AND WOMEN'S ATHLETIC CLUBS**

**Badminton**

Pres.—Bert Wilkins, 11113 87th Ave.....32681

Vice-Pres.— .....

Sec.-Treas.— .....

This club will meet in the Drill Hall three times a week, probably Wednesday, Friday and Sunday from 7:30 to 10 p.m. Members are asked to provide their own racquets, shoes and birds.

The club functions like any other similar organization, and on one or two occasions throughout the year invite the faculty over for the evening. The season will be opened with a round robin tournament and conclude with the final tournament to choose the club champions.

Under ordinary circumstances the club would send a team with the Assault-at-Arms aggregation from Alberta, but as yet nothing is known for sure regarding a tournament with Saskatchewan.

### Fencing

Pres.—Aubrey Olsen, 11112 81st Ave.....33047  
 Vice-Pres.—Marlene Merrick, 17 Wellington Cres...83603

This club is experiencing difficulties of a rather unique nature this year. The Union provides all equipment with the exception of foils, and it seems that it just isn't possible to pick up this very important part of a fencer's equipment these days. The executive is making a real attempt to get hold of these, and if they are successful the club will no doubt have another very successful session. All we can suggest at present is that you follow the Bulletin Boards for developments regarding the club, or keep in touch with members of the executive.

### Outdoor Club

Pres.—Lex Miller, 11015 85th Ave.....33699  
 Vice-Pres.—Jane Stevenson, 11017 86th Ave.....33701  
 Sec.-Treas.—Don Cormie, 11118 90th Ave.....34193

This club has grown from an insignificant little group to one of the largest, most successful clubs on the campus in the last few years. Doubtless the fact that the Students' Union has removed the small membership fee will further swell the club membership. The club's program is so varied that one hesitates to attempt to describe its activities. The program does, however, include Hay Rides, Sleigh Rides, Hikes, Ski Meets and Skating and Tobogganing parties.

The club has a fine cabin equipped with a new well about half a mile west of the University building at the site of the Varsity ski run. In the winter months the club's thoughts turn mainly to skiing, and the services of Neil Carr as ski instructor have been obtained. You need go no further than one of the Outdoor Club Sunday working parties to realize that the club is a going concern. Perhaps it's not so hard to understand, though, for many of the members state that working parties to the cabin are as much fun as the other parts of a really well balanced program.

If you're the out-of-doors type, looking for a real live wire club, you need go no further—this is where you belong.

### Swimming

Pres.—Bob McDairmaid, 9930 112th St.....26247  
Vice-Pres.—Ninna Young, 8507 112th St.....33977

This club meets weekly at 8:30 p.m. on Thursday for an hour and a half of fun and competent instruction under Coach Bob McDairmaid at the Y.W.C.A. pool. Special beginners' classes are held during the first half hour and are followed by a period of more advanced instruction. Occasionally the club breaks down and gives the program variety by holding water sports and Interfaculty competition. Since the swimming meet is to be held in Manitoba this year, it is rather unlikely that Alberta will send a team, but if she does it will be chosen from among the regular attenders who blossom forth in the Interfaculty tournaments.

The Union meets all club expenses. All the executive asks of its members is an active interest and attendance, a bathing suit, towel and cap, and a health certificate (obtainable without charge at the infirmary between 1 and

2 p.m. daily). Get in touch with one of the executive today.

### Track

Pres.—Marion Blackburn, 11013 81st Ave.....

Though constitutionally a joint club, men's track has been non-functional, in fact even if not in theory, for the past four years. The club is Union sponsored, and outside of track shoes, the Union supplies all the equipment necessary. The women's part of the club still functions, and annually holds an Interfaculty track meet. Intercollegiate track has been dropped for the present, and since our own Interfaculty meet is a thing of the past, we may leave track for your consideration in future years.

### Tennis

Pres.—Sheila Toshack, 8902 112th St.....32332

Although many male students availed themselves of the Union privilege of playing tennis on the Garneau Club courts, here lies another club, supposedly a joint club, which is non-functional from the male standpoint. The sport is one which is admittedly an off-season one as far as University is concerned, but nevertheless the girls annually conduct a tournament which for the present session is completed. For this sport students are asked to provide their own equipment.

## CHAPTER IV.

### THE WAUNEITA SOCIETY

Pres.—Beth Kerr, 8903 112th St.....32332

Sec.—Judy Demetrovits, 11032 89th Ave.....32401

Sr. Rep.—Mary Lou Smith, 8507 112th St.....33977

Jr. Rep.—Laverna Quinn, 11050 90th Ave.....32382

Fresh Rep.—Alice Stewart-Irvine, 10890 75th St...72250

All the women students of the University are automatically members of the Wauneita Society. In the fall the Freshettes are initiated into the tribe and take the oath, "Payuk uche Kukeyow, Kukeyow uche Payuk"—"Each for all and all

for each." The purpose of the society is to promote friendship among the girls of the University.

The Wauneita takes part in the functions of Freshmen Introduction Week by holding the Reception for Freshettes. It also holds two major functions in the course of the year. The first, the Wauneita Reception to men students was held on October 20 and introduced the more fortunate of the braves to the opening Students' Union function. The second, the Formal Banquet, is held in February, but the date has as yet not been decided upon.

The executive, with the exception of the Fresh Representative, is elected in the spring of the year prior to the session for which it is to hold office. The President and Secretary are nominated and elected at the time of the general Students' Union election, the procedure of which is outlined in the constitution.

The executive, outside of planning and putting on the above mentioned functions, serves the very important capacity of adviser to women students. No problem, whether it deals directly with University life or not, is too large or too small to place before one of the executive. If there is anything you want to know, anything you want to find, just anything, give one of the girls a ring, or drop around to see her. You will be sure of a friendly reception and find that she is just the one that can help you make your stay at the University smooth and enjoyable.

The Wauneita has, under its wing, a very important and industrious committee under the chairmanship of Betty King, 11125 82nd Ave., Phone 33677, whose function is to co-operate with the Red Cross in providing those comforts so necessary to both soldier and civilian in allied countries. Girls interested in knitting, sewing and other work of this nature will find

the Red Cross Room in the House Ec. Lab a pleasant place to spend their spare hours to advantage. Under the same committee hundreds of Christmas cakes are annually baked and shipped overseas to U. of A. graduates and undergraduates serving with the Armed Forces. Money for these and for other work of the committee comes from the Alumni Association, the Students' Union and the Annual Spring Tea. Time spent on Red Cross work is applied toward your compulsory training quota, but I know that no such incentive is necessary to encourage you to give Betty a ring to find out just where you can fit in in this most worth-while work.

The Wauneitas boast a very fine pin, available from the executive for the small sum of \$1.00.

### **The Wauneita Song**

(Tune—Juaneita)

Soft o'er the campus gleam the lights of Varsity,  
Home of Wauneitas, Payuk uche Kukeyow,  
Kukeyow uche Payuk, this the ancient battle-  
cry

Of the tribe Wauneita, bound by common tie,  
'Nita, Wauneita, by the ruddy camp-fire glow,  
'Nita, Wauneita, Payuk uche Kukeyow.

### **CHAPTER V.**

## **THE STUDENTS' UNION OFFICE AND CONDUCT OF BUSINESS**

All purchases of goods or services must be made by the president or business manager of any Students' Union club through the Students' Union office (Arts 159, behind and level with Convocation Hall stage and to the right) by obtaining an official written order from the Treasurer or the Students' Union Accountant, Mrs. Wylie. Mrs. Wylie may be found at the office between 11-12 a.m. and 4-5 p.m. daily. Orders are granted only for expenditures covered in the budget of the club as passed by Council,

or covered by a special Council motion authorizing such expenditures. The Union only assumes responsibility for accounts incurred in this manner, any person ordering in any other way being personally liable.

When equipment is purchased for any club it is the duty of the manager to see that it is delivered to the Central Equipment Check (see Chapter VI), who will make proper record of its receipt and then allow withdrawal by those who are to use it.

The business manager, through the president of any club, is responsible for the sale of tickets at any event of the club at which an admission charge is made. Tickets to be sold for any event must be obtained from the Students' Union Accountant, who will advise as to the procedure in this regard. All cash from ticket sales must be turned in to the Accountant within 48 hours after the event for which said sale was conducted.

Literary and Athletic Club managers must submit a list of all participants in dramatic performances, games or tournaments in which University clubs are meeting outside clubs, or are presenting public performances, to the Registrar's Office for the approval of the Registrar and Provost, at least 48 hours before the club event takes place.

Further details of clubs' financial management will be supplied by the Treasurer on request.

Attention of all compus executives is drawn to that section of the constitution dealing with the duties of the Schedule Man. In arranging dates for events, see him **first** to find out what dates are available. Do not choose your date, lay your plans and then consult the Schedule Man—only to find that the particular time you desire is already reserved. Office-holders would

also be well advised to familiarize themselves with the regulations under the Point System Act.

## CHAPTER VI.

### CENTRAL EQUIPMENT CHECK

Central Check Manager:

Grant Simonton, 11153 Sask. Drive.....32787

Central Equipment Check is situated along with shower, locker and dressing rooms in the addition to the Drill Hall. The entrance is found in the centre of the north side of the building. This office has been set up in order that Students' Union equipment may be properly cared for and issued to students as needed. The hours during which the C.E.C. is open vary somewhat during the year, in order that the equipment may be made available for the particular sport which is at that time being played. You are directed to get in touch with Grant to find out the hours for the period during which you wish to make withdrawals.

It is the duty of all persons buying equipment under Union grant to turn this equipment in to the manager in order that a proper record may be made of its receipt. The equipment is then available to persons participating in the particular sport involved by proper application to the manager and the signing of equipment forms. Students are expected to use Union equipment with care and to return it in good order to C.E.C. at the conclusion of the training period. Students are themselves responsible for the return of equipment once it has been withdrawn, and offenders against the regulations governing C.E.C. are promptly dealt with by the Constitutional Enforcement Committee.

A brief account of the equipment provided by the Union is carried in the write-up of the particular athletic club involved.

Students are encouraged to make use of every privilege offered by this very important Union office, but are warned that abuse of such privileges will not be tolerated.

## CHAPTER VII.

### THE UNIVERSITY SKATING RINK

The Students' Union at an annual cost of some \$800.00 erects and maintains an outdoor skating rink and heated dressing room to temporarily replace the covered rink which, for the duration, has been turned over to the C.O.T.C. for use as a Drill Hall.

The outdoor rink will be set up on the University grid as soon as weather conditions make this possible, and all Students' Union members have full rink privileges, including checking, at no charge on the presentation of their Campus A Cards.

In order that the rink may be utilized to its fullest by the student body, a schedule will be drawn up and published in The Gateway as soon as the rink is ready for use, indicating the times at which it is to be used for hockey games and practises and for general student skating to music provided by the Students' Union public address system.

Ice is laid and maintained by a professional ice maker who, along with his assistants, gives students as fine and clean an ice surface as is found anywhere in the city.

One thing we can guarantee you now. You will spend some very pleasant evenings and Sunday afternoons at the rink if you avail yourself of this student privilege.

## PART II.

# STUDENTS' UNION PUBLICATIONS *and* RADIO PROGRAMS

Student publications constitute one of the most important divisions of the Students' Union. Three of them—"The Gateway," the student paper, "The Evergreen and Gold," the Varsity annual, and the "Handbook"—come under the direct control of the Students' Council. The editors of these publications are appointed by the Council and the staffs are selected on the basis of seniority and ability.

Handsome gold "Gateway" and "Evergreen and Gold" A pins are awarded for meritorious work in the field of publications. For details the reader is referred to the Students' Constitution, where all necessary information with regard to the award system is more fully explained.

## CHAPTER I.

### THE GATEWAY

Man. Dir.—Frank Meston, 11136 80th Ave.....	
Editors—Mike Bevan, 10945 88th Ave.....	31375
Alan McDougall, 10012 91st Ave.....	33973
Bus. Mgr.—Bill Payne, 8627 112th St.....	33929
Office, Arts 151. Phone 31155.	

The Gateway is the students' paper, published twice weekly during the University term. The present year marks its thirty-third consecutive year of publication. Its purpose is to present a cross-section of student life, expressing mainly student opinion and thought, and representing all faculties and classes. The paper is supported by advertising and student subscription, a fee of two dollars being levied on each student at registration.

The staff is divided into two departments, editorial and business, both under the Managing Director. Any student who is looking forward to a journalistic or business career can obtain valuable experience in either department.

The paper ordinarily takes the form of a Tuesday and Friday edition, though because of the tardiness of past years one hesitates to make such a prediction. In all, thirty editions are released, and students may obtain papers, as issued, from the piles which make their appearance at prominent places in both Arts and Medical buildings.

## CHAPTER II.

### THE EVERGREEN AND GOLD

Director—Ron Goodison, 11153 Sask. Drive.....	32787
Bus. Mgr.—Frank Murphy, 11153 Sask. Drive.....	32787
Office, Arts 256. Phone .....	

Evergreen and Gold, the University year book, is distributed every spring. For years it has ranked among the finest University annuals produced on the North American continent. It gives a complete resume of the student activities for the year in such a way that the volume

becomes of ever increasing value in later life as a means of recalling old acquaintances, familiar scenes and pleasant memories of University days.

An invitation is extended to all interested students to call at the Year Book office at their first opportunity, since there are vacancies for a limited number of students in the business and editorial sections, and your co-operation is solicited.

### CHAPTER III.

## THE TELEPHONE DIRECTORY-HANDBOOK

Director—Bob Macbeth, 10328 121st St.....82065

The Handbook was published annually by the Students' Union up until four years ago, when the publication was dropped and the Telephone Directory substituted. Since that time the need for a handbook, the students' guide, has been felt, and so this year the Union decided that it might be possible to combine the two. A handbook published a month after Varsity starts has definite disadvantages, the main one being that the information would be of more use if it were available at registration. This was the case in the past, but that, too, has disadvantages, for it demands preparation in the summer at a time when many offices are unfilled and definite plans for the coming year not completed. Whether this project is continued in the future depends on the success of the present edition.

Officers for the publication are chosen late in the University session, and the request for applications is prominently advertised. The number of type of editorial and business positions on the Tel-Handbook staff of necessity depends on the type of booklet which the Students' Council decides to put out, but those interested in this work will find work on this publication most interesting and educational.

## CHAPTER IV.

### PROVINCIAL NEWS DEPARTMENT

Director—George Hardy, 10828 79th Ave.....	32719
Asst. Dir.—Lois Knight, 8301 119th Ave.....	72182

Owing to the increased transmitting power of the University Station, CKUA (580 Kilo.), this department has taken on new significance as a means of reaching not only students, but the people of the province as well. At present the only student feature on the air is the University news, presented for fifteen minutes each Tuesday at 6:45 p.m. It is planned, however, to extend the department to the production of feature broadcasts as the year progresses, and in all probability the Dramatic Society will again present a series of plays or some variation of such a program as was done last year. It was the custom in the past to carry a broadcast of major sports events on the campus as well, but in view of the ruling that there shall be no travelling this year, Intercollegiate sport is probably out of the question, in which case these broadcasts will have to be used for other events. The News Department also serves a very important function during the various Union Funds, keep students informed of their progress and soliciting support by various means.

Under the same department a new project has been commenced this year under Ross Bishop. Ross's job is to keep provincial newspapers informed as to events that take place at Varsity by sending clippings taken from The Gateway to them. Clippings will particularly dealt with the contributions of students from that locality to University life and activities.

PART IV.

CLASSES  
WAR SERVICE  
FUNCTIONS  
CLUBS

## CHAPTER I.

### CLASSES

Under the "Class Act" (Const. 1941, page 23) there are on this campus four class organizations, each with its own executives: Senior (including non-graduating Seniors), Junior, Sophomore and Freshman. Executives of all classes are elected early in the fall. For the first three classes mentioned the elections are to be held on October 29, with the last day of receiving nominations falling on October 26. The Freshman class is organized between the 1st and 15th of November, its election being held not later than the latter date. Each class either sponsors, or combines with another to sponsor, one of the major dances of the year, to which members of that class have a preference in the ticket sale. Each also presents a play in the Interyear Play Competition, and classes are the basis of photo arrangements in the Evergreen and Gold.

Students aspiring to any class executive would be well advised to familiarize themselves with the regulations under the "Class Act," as no student is allowed to join any other class than that for which he is qualified.

For the duration of the war, or until such time as presence of Intercollegiate sport makes the return of the A Card to its original position advisable, there are to be no class fees paid, the money which would come from this source being supplied from A Card funds by the Union.

Although classes have not been organized at the time of the publication of this booklet, the following space is left for your convenience that you may fill in the names, addresses and phone numbers of the major class executives.

## CHAPTER II.

### WAR SERVICES COMMITTEE

Although the Council for the present year has not as yet set up a War Services Committee, it is certainly not out of place to say a few words here regarding the set-up of this very important Union function as carried out last year. This year's Council will doubtless make somewhat similar arrangements, and for that reason space will be left for you to fill in the names of those officials appointed by Council to carry on this work for the present year.

War Services have in the past, for reasons of clarity, included three major campaigns conducted on the campus. The first fund as far as its importance is concerned took the form of an Ambulance Drive last year, though it is quite possible that the present year may see some new and equally useful objective make its appearance. The fund usually takes the form of a concentrated drive extending over a period of two or three weeks, plus such contributions which are made by classes, clubs and faculties at convenient times during the year. It cannot be stressed too strongly that every executive on the campus in planning an event for his or her

organization is failing in his duty if he does not give prime importance to the necessity of contributing to this fund by some act of common club denial. It should not and must not be the duty of such committees that are set up by the Council to approach the campus organizations in this regard, but rather a matter in which the clubs take the initiative, informing and consulting with the committee in order that the effort be coordinated throughout the University and attain its maximum effectiveness.

Over three-fifths of last year's objective of \$2,500.00 was obtained, mainly from students, during a Mile of Pennies drive lasting only three days. This year we can do even better than that, can't we?

The other two funds which have in the past functioned under the same committee were the International Students' Service Fund, which is annually sponsored by the Students' Christian Movement, and the Christmas Fund, sponsored by the Union. The former is held for the purpose of supplying brother students in war torn countries as well as our own students interned there, with facilities to carry on their work, while the latter is a fund to provide needy families in outlying districts of the province with some of the very necessities of life at the time of the Christmas season.

No campaign for funds of any sort is held on the campus without the consent of the Union, and every one that is held is seriously considered by that body as to its merits before permission is granted for its conductance. Therefore, we may honestly say that these funds are our funds, and in truth, it hardly requires a University education to appreciate the fact that every one is for a cause for which such words as worthy are far from adequate.

To borrow the very fine slogan of the Red Cross of Canada, we sincerely urge you that

**"The Need is Urgent"—when your turn comes,  
"Dig In and Give."**

**Chairman, Students' Union War Services Committee:**

**Chairman, Major War Services Drive Committee:**

**Chairman, Christmas Fund:**

**Chairman, International Students' Service Drive:**

### CHAPTER III.

## FUNCTIONS

### Major Functions

The Wauneita Reception to Men Students—October 20.  
Waw-Waw Week-end, held for War Services—November 6 and 7.

The Annual Play, "Watch on the Rhine"—November 27 and 28.

The Junior Promenade, Junior Class Sponsored Dance—Week ending December 5.

The Froph, Freshman-Sophomore Sponsored Dance—Week ending January 16.

The Philharmonic Opera, "The Gondoliers"—January 28, 29 and 30.

The Interyear Play—February 13.

The Senior Formal, Senior Class Sponsored Dance—Week ending February 20.

The sale of tickets to class dances to members of classes other than that sponsoring the dance follows a preference list which may be found in the constitution.

### House Dances

Saturday evening house dances are held under the auspices of the Students' Union in Convocation Hall. The admission charge is twenty-five cents, and these social gatherings are constitutionally limited to students, staff and graduates. Dances commence at 8:30 p.m. and run until 11:30 p.m. House dances are automatically cancelled on any week in which a major function is held.

The committee in charge of House dances for the present year consists of Bill Payne, Chairman, Hank Hankinson, and Evan Wolfe.

### **Organ Recitals**

The Memorial Organ in Convocation Hall commemorates those who sacrificed their lives in the First Great War. During the winter the organist, Professor L. H. Nichols, gives a series of recitals, to which students are welcome. Also during the examination period in the spring, Professor Nichols has in the past rendered a few informal recitals of "request" music.

Sunday Evening Music Hours are presented during the winter by the Department of Extension.

### **Addresses**

At irregular times throughout the year prominent speakers are obtained to address the student body and other interested persons. Some of these are sponsored by the University, some by the Union clubs, and some by the Students' Christian Movement. Notices of such events are carried well in advance in The Gateway and on the Bulletin Boards.

## **CHAPTER IV.**

### **CLUBS**

All clubs, faculty and non-faculty, are independent units. Though not directly a part of the Students' Union, a great many have representatives on Council. All have the privilege of making use of Students' Union advertising media such as The Gateway, Bulletin Boards, Provincial News and Handbook, and all are subject to such disciplinary measures as the Union places on the student body in general. Arrangements regarding program and finances are, however, entirely up to the clubs.

## FACULTY CLUBS

Pres.—Jim Taylor, 11144 87th Ave.....	34407
Vice-Pres.—Marion Lockerbie, 10955 90th Ave.....	31605
Sec.-Treas.—Tom Davidson, St. Stephen's.....	31631
Council Rep.—Jack Stranatka, 11141 87th Ave.....	33884

### The Agriculture Club

This club, one of the most active on the campus, boasts this year of having a 100% membership. The club has four general meetings each year at which prominent agriculturalists hold forth on questions of Aggie interest. The club also sponsors a formal dance, a formal banquet and one or two informal shindigs during the year which make the old barn dance turn green with envy.

The Aggies boast the finest faculty spirit on the campus, and the fact that they have held the Bulletin Trophy, indicative of Interfaculty superiority, for the past two years suggests that perhaps they have something there at that.

Fee: \$1.50.

### The Commerce Club

Pres.—Frank Meston, 11136 80th Ave.....	
Vice-Pres.—Evelyn Peterson, 11046 87th Ave.....	34459
Treas.—Bill Payne, 8627 112th St.....	33929

This club, for many years one of the most active on the campus, finds that this year it must face life with a much reduced faculty membership. What the club lacks in numbers, however, it plans to make up in strength of united effort. The year will be marked by three or four supper meetings with prominent guest speakers, to be held whenever orators of Commerce Club calibre are available. Nor is this all, for the club plans to carry on with those informal social events for which it is famous, plus their annual banquet and dance, which would bring a ray of happiness into any life.

Fees: \$1.00.

## The Dental Club

Pres.—Bill McPhail, 11019 84th Ave.....	34272
Sec.-Treas.—Alan McDougall, 10012 91st Ave.....	33973

The Dent Club holds monthly meetings which alternate, one a supper meeting with some form of entertainment, the next a business meeting at which a guest speaker is usually also present. Films are often used to brighten up the business meetings, while the questionable quality of the entertainment provided at the supper meetings apparently leaves little to be desired as far as these are concerned.

Club members receive a magazine published especially for students of the profession, while the fifth year students receive the Canadian Dental Magazine at no cost.

Fee: \$1.00.

## The Education Club

Pres.—John Kuzmar, 9127 117th St.....	31320
Vice-Pres.—Dorothy Pybus, 10908 80th Ave.....	32422
Sec.-Treas.—Linora Randle, 11067 82nd Ave.....	31463
Council Rep.—Mary Barbara Mason, 11137 89th Ave. ....	31357

Since the executive of this club was just elected on the day that the Handbook went to press, very little information was available regarding their proposed activities for the session. The president does, however, promise that the club will sponsor an occasional social event, hold business meeting from time to time graced by the presence of prominent educationalists, and probably wind up the season, as in the past, with a very swanky dinner meeting.

As yet the club has not decided whether to charge a small fee or charge members for the particular events as they come. All members are, however, encouraged to purchase an associate membership in the Alberta Teachers Association, which entitles them to the use of the association's library and guarantees them a

copy of the association's bulletin as it is issued. Such membership in the association costs 50c.

### **The Engineering Students' Society**

Pres.—B. J. Anderson, 11144 87th Ave.....	34407
Sec.-Treas.—Bob Hole, 8112 Jasper Ave.....	23283
Council Rep.—J. B. Murphy, 11153 Sask. Drive...	32787

Imagine two hundred engineers at one of their smokers or informal parties, and you can probably understand why no mere medical student dare delve into activities of the slide rule men. Rumor has it that the smokers, held approximately every three weeks, boast such entertainment as guest speakers, student papers and motion pictures, but a good number feel that this is nothing more than a blind for those strip tease shows that inspire the engineers to even greater heights when their elections roll around.

The Engineers annually:

- (1) Put out one of the more educational editions of The Gateway.
- (2) Refuse to take a back seat to anyone as far as Interfaculty sport is concerned.
- (3) Put on a formal dance, which for some unknown reason ranks A1 with every little lady between Trail and Sudbury.

Fees: \$1.00.

### **The Household Economics Club**

Pres.—Ruth McCuaig, 9117 112th St.....	31914
Sec.-Treas.—Jean Staples, 10824 83rd Ave.....	32090
2nd Yr. Rep.—Norma Hogg, 11103 81st Ave.....	31292
1st Yr. Rep.— .....	

No mere male has ever managed to muster enough courage to really find out for himself what goes on at these House Ec. meetings. Once a month, it is said, they get together to hear guest speakers, sup tea (pardon us, chocolate milk for the duration), and discuss club business, and ? ? ? Now that the executive has the House Ec.-Ag party out of the way, their attention is turned to the question of replacing the

House Ec. Formal with a few informal parties.  
Fees: \$1.00.

### **The Law Club**

Pres.—Thad Ives, 11152 88th Ave.....	32489
Vice-Pres.—Johnny O'Connor, 11153 Sask. Drive....	32787
Sec.—Lydia Zimmerman, 8703 112th St.....	33799
Treas.—Jesse Gouge, 11152 88th Ave.....	32489

This club functions more as an administrative body, laying down the rules which govern the student body of the faculty as to their own library, lectures, etc., than as a social group. They do, however, hold an occasional luncheon, and have in the past held a Spring Banquet, though there is a good possibility that this event may not be held this year. Meetings of the club are held whenever the necessity arises. (Whenever an occasion presents itself seems more in keeping with a lawyer's philosophy of life.)

One of the more concrete evidences of this club on the campus is their publication, "The Alberta Law Quarterly," the only student publication of its kind in Canada. Perhaps the term "student publication" is not exactly the whole truth, for it is rumored that certain faculty assistance is rather important to its success; but regardless of the origin of the booklet, we are all rightly proud of it.

Fees: Usually take the form of an assignment of caution money, the amount depending on the program for the year.

### **The Medical Undergraduate Society**

Pres.—Wint Duggan, 8820 111th St.....	32020
Vice-Pres.—Ernie Poulsen, Misericordia Hosp.....	28106
Sec.-Treas.—Jim Hemstock, 8820 111th St.....	32020
Council Rep.—Len Loveseth, 11304 102nd Ave.....	83992

The M.U.S. boasts the only faculty reading and rest room in the University. This room, the Conn Memorial Room, was furnished during the summer with funds raised by contributions from students and medical men throughout the

province. It is a fine addition to the University, truly a worthy tribute to a great man.

The M.U.S. holds frequent meetings, marked by a minimum of business and a maximum of educational films, thanks to its hard working executive. The year has already seen one informal Med party, and by the time this booklet has come off the press the Med will just be getting over their Banquet and Dance, the big event of the year.

The society has seen lean years of late as far as faculty spirit and Interfaculty athletics are concerned, but made a start towards a bigger and better campus life last year, and plans this year to plant the Bulletin Trophy on their new mantle-place.

Fees: \$2.50, which are paid painlessly at the time of registration.

### Nurses Club

Pres.—Pat Routledge, St. Stephen's .....	32814
Vice-Pres.—Elna Eickmeyer, St. Stephen's .....	32814
Sec.-Treas.—Nan Mitchell, St. Stephen's.....	32814

The club meets on the first Tuesday of every month at 7:30 in the University Hospital. As well as this business meeting, they hold functions at the rate of one a month, and if current reports can be believed, they are phenomenal affairs. Regardless of what form these parties take, from dances in the Red Cross Hut to sleigh rides, they are outstanding, and fortunate is the male who gets a bid to one of them. The executive also plans the Nurses Graduating Formal, one of the big affairs of the spring season.

Social events and business meetings, however, do not take up all the nurses' spare time, and the executive has an extensive program under way through which help, in the form of medical supplies, is given to the Red Cross.

The above information deals with the Nurses Students' Union, composed of all student nurses. Those nurses taking a course leading to the B.Sc. degree, as well as belonging to this organization, have a B.Sc. Nurses Club, but unfortunately they are at present without a president.

Fees: \$1.50 (Nurses' Students' Union); \$1.50 (B.Sc. Nurses' Club).

### Pharmacy Club

Pres.—Cec Ritz, 8527 112th St.....	33929
Vice-Pres.—Pru Bamlett, 8903 112th St.....	32332
Sec.-Treas.—Ted Hart, 6604 111th Ave.....	71800

The Pharmacy Club holds one supper meeting a month, supposedly for the purpose of hearing speakers on topics of interest, but we are led to believe that every meeting, regardless of the original purpose for which it is called, ends in only one thing, a party. Not content with this, the pharmacists plan to hold one or two informal parties, honoring them with the name as well as the spirit on these occasions.

Ordinarily the pill grinders stick pretty close to their Arts building third floor stronghold, but a few do venture onto the athletic fields where they team up with the Meds, to provide some of the stiffest Interfaculty opposition on the campus.

## NON-FACULTY CLUBS

### Big Block Club

Pres.—D. Cooper Johnston, 11002 88th Ave.....	33086
---	-------

This club is composed entirely of winners of men's major athletic awards. The club was formed to promote the spirit of friendship and unity among all members of Varsity teams, both past and present. Conditions governing the awarding of the Big Block A will be found in the constitution. It is an award well worth working for, the highest athletic honor in the

University, and there is no better time than the present for you to get a start on yours.

Members at present attending the University are: Perrin Baker, Ken Bradshaw, Pat Costigan, Lloyd Grisdale, Don Johnston, Bob Schrader, Les Willox.

### **The Chemical Society**

Pres.—Wilf Hahn, 11012 84th Ave.....31459  
Vice-Pres.—Ed. Scammell, 11103 82nd Ave.....32208  
Sec.-Treas.—Ralph Jamieson, 11027 87th Ave.....31061

The full title of this society is the Alberta Student Branch of the Canadian Institute of Chemistry, which we must admit is rather more imposing than just the Chem. Society. The club meets at 7:30 p.m. every second Wednesday in Med 142, to discuss matters of interest to students of chemistry. The program consists mainly of speakers, but student papers are also presented. One need not be a member of the club to sit in on one of its meetings, and the topics to be discussed will be posted well in advance of all meetings on the Chem. Dept. Bulletin Board just outside Med 142. The club holds an Annual Banquet and Dance, which is in January.

Fees: 75c. \$1.00 includes a student membership in the C.I.C., and is open only to students in the third and fourth years of the Honors Chem. course.

### **The Men's Economics Club**

Pres.—Bob Ellis, 11054 89th Ave.....31388  
Sec.-Treas.—Jim Andrews, 11135 84th Ave.....32976

The Daleth Beth Club was founded in 1930 for the purpose of discussion of current economic problems, both national and international. The club membership is limited to fifteen, but those interested and who are backed by one course in economics may apply to the executive for membership. Meetings are held once a month at the home of one of the faculty members, at which papers are presented by the student members.

The club annually offers a prize of books to the student obtaining the highest mark in "Poly Ec. 1".

Fees: \$1.00.

### **The History Club**

There is a great deal of question as to whether the History Club will grace the Alberta campus this session. As is to be expected in war time, the registration in purely Arts courses is much reduced, and as a result the club may not function. However, since this club was one of the best on the campus, a few words regarding it will not be amiss.

It functions not necessarily for honors history students, but for any student interested in a vigorous, intelligent discussion of contemporary history. Membership is by invitation, and meetings are held in the homes of professors and others. Dean Smith is the guiding spirit of the club, and should it return to the campus this winter, the editor recommends it to any student with a desire for a good practical education.

### **The Journal Club**

Chairman—Dr. O. J. Walker

The club is made up primarily of third and fourth years honors chem., fourth year chem. engineers, and post-graduate chem. students, for whom it is compulsory, but all are welcome at its meetings.

Meetings are held every Wednesday at 10 a.m. in Med 136. The papers are presented by the members, and a list of the topics of approaching papers is posted on the Chem. Bulletin Board, as is the case in the Chem. Club.

## Le Cercle Francais

Pres.—Jerry Tougas, 9837 104th St.....	21931
Sec.—Erma McCoy, 11640 88th St.....	72147

This club, for many years one of the largest on the campus, has found that it is impossible to carry on as in the past as a result of military training. As a result, the club proper now has a limited membership of sixteen, mainly Senior French students, who meet once a month at the homes of prominent members of the faculty. As always, the entire session is conducted in French, but the present plans are to conduct a more varied program than has been attempted in the past. There will of course be the occasional speaker, but it seems that the executive has something up its sleeve to add spice to the program. It is very probable that the session will terminate in the presentation of one of those French plays, for which the club is so famous.

The beginners in French have not entirely been forgotten, and if the interest warrants it, a beginners' club will be formed as the session progresses in order that they, too, may share in the fun of a similar organization.

## The Mathematical and Physics Club

Pres. (Math)—Reg. Jacka, St. Joseph's.....	33008
Pres. (Phys.)—Jim Flynn, 11128 86th Ave. ....	33529
Sec.-Treas.—Bob Brookes-Avey, 11111 86th Ave..	32982

For the present session these two clubs have combined forces in order that a more varied program may be presented to the students. They meet once a month at 7:30 p.m., usually in Arts 319. Papers are presented both by student members and by the faculty. Although there is a small fee charged for membership in the club, all students are reminded that they are perfectly welcome to drop in on any meeting which may be of interest to them, without charge. Topics to be discussed are announced well in

advance, both in The Gateway and on Notice Board C.

The club plans to have one social event, a Banquet, to be held early in December.

Fees: 25c.

### **The Mining and Geological Society**

Pres.—Don Storey, 11129 80th Ave.....31860

Vice-Pres. ....

Sec.— .....

This organization's membership includes students and professors who are interested in geology or mining. It meets on the first and third Thursdays of each month at 7:30 p.m., in one of the rooms on the third floor of the Arts building. The program at some of the meetings consists of papers by students or other interested persons, while at others it takes the form of a round table discussion of subjects pertaining to these fields. It is one of the oldest clubs on the campus, and therefore revered for its age as well as the complexity of the topics considered. It is planned this year to revert back to the abandoned policy of terminating the year with a bang-up supper meeting or club party.

### **The Osler Club**

The Osler Club, formed to perpetuate the memory of the famous Canadian physician, Sir William Osler, is made up solely of the graduating class in medicine. During the session papers dealing with matters of medical interest are given by these student members. Persons desiring further information are directed to contact Bob Pow, the representative of the graduating medical class.

## **The Philosophical Society**

### **Student Executive Members:**

Beth Ritchie, 9205 99th St.....	32613
Jerry Amerongen, 9938 114th St.....	82796
Ted Pulleyblank, St. Stephen's.....	31631

The society gives the word "philosophical" its root sense of "love of wisdom." Its members include students, faculty and outsiders. There is a prearranged series of five lectures, delivered on the third Wednesday of each month of the term with the exception of December and April. These meetings are held in Med 142, and commence at 7:30 p.m. The lectures are usually in the form of interesting addresses by members of the faculty, outstanding thinkers in the province, and on occasion by students, and each is followed by a discussion period. Lecturers and subjects are carefully chosen, and the matters brought under review lie well within the field of general interest. A list of the topics for the present session has already been published in the second edition of *The Gateway*, and through the same organ students will be able to follow the program.

The Philosophical Society also conducts an Essay Contest in the spring which is open to all undergraduates.

Fees: \$25c for students, obtainable from the members of the executive. The editor cannot recommend this club too strongly to students of the University and others. One meeting will convince you that one small quarter can nowhere else be spent to such great advantage.

## **The Rally Club**

This club staged a very successful comeback this year after a couple of seasons during which it was sadly neglected. Under the leadership of one Dick Soley it provided a nucleus during Freshman Introduction Week, and the rugby games which made one feel that some of the

spirit of old was still present in the hearts of the undergraduates. Let us hope that during the year we will have a good many opportunities to voice our praises of the U. of A. under this energetic group. For your convenience the Varsity songs and yells are placed at the back of this booklet. Let's learn them.

### **Royal Astronomical Society of Canada**

The Edmonton Branch of this society meets on the campus in the evening of the second Thursday of each month in Arts 142. Announcements of meetings and the topics to be discussed are posted on Bulletin Board C and on the Physics Bulletin Board, and all are welcome whether they are members of the society or not. Dr. Gowan, of the Physics Department, will be only too glad to provide you with further information regarding the society.

Fees: 50c, which gives students an associated membership in the society and entitles them to receive an interesting book put out by the Central Council of the society.

### **The Students' Christian Movement**

Pres.—Jean Staples, 10824 83rd Ave.....	32090
Vice-Pres.—David Elves, St. Stephen's .....	31631
Local Sec.—Jerry Hutchison, St. Stephen's.....	31631
Exec. Sec.—Hazel Moore, 10560 83rd Ave.....	32220
Treas.—Murray Sutherland .....	

Office—Arts 254.

The Student Christian Movement is a world-wide campus organization which seeks to interpret the meaning of the life of Jesus in terms of everyday living. For that purpose, regular meetings of diversified nature are held, at which everyone is welcome and frank, open discussion urge. Study groups on such topics as Religion, Sociology and Politics; general meetings and conferences on topics of local and world interest; Sunday services in Convocation Hall the first

Sunday of every month by men of various denominations; and fireside meetings in city homes form a large part of the program. On the other side, parties, dances, hikes and a closing banquet provide the social side of the program. The climax of the year is reached at Spring Camp, held if possible in the interval between the conclusion of examinations and the commencement of military camp. It provides a period of study, fun, leisure and friendly relationships following the strain of that difficult time.

A new innovation this year are the Sunday evening sing-songs, held twice a month, at 9:00 p.m. The place of these and other S.C.M. events is carried in The Gateway and on the bulletin boards.

The S.C.M. has for the past few years also sponsored the Students' Union Book Exchange as a service to students. It also annually sponsors the International Students' Service drive for funds on this campus.

M. M. MacIntyre, Faculty of Law.....	Arts 203
M. E. LaZerte, Faculty of Education.....	St. Joe's 105

#### University Crest

It is composed of the coat of arms of the Province of Alberta with an open book added above it and a scroll around it inscribed "University of Alberta—Quaecumque Vera." Originally the book was placed perpendicularly, but someone changed this, possibly by accident while making a copy, and it has been left in the oblique position ever since.

#### University Motto

Our motto, "Quaecumque Vera," is taken from the Vulgate, St. Paul's Epistle to the Philipians, chapter 4, verse 8. It means "Whatsoever things are true." The rest of the passage is translated as follows: "Finally brethren, whatsoever things are honourable, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things."

## University Buildings

The men's residences, Athabasca Hall and Assiniboia Hall, which are now being used by the Royal Canadian Air Force, were the first buildings to be built, completed in 1911 and 1912 respectively; although the University was founded in 1906 and opened for its first session in 1908. Pembina Hall, the women's residence, also being used for the present by the Air Force, was completed in 1914. The next year the Arts building was opened, after which there was a lull in building until 1921, when the Medical building was completed. The University bought the hospital from the City in 1922 and completed it in 1930 by the addition of a wing.

There are two affiliated colleges on the campus. St. Stephen's, built in 1912, is operated by the United Church as a men's residence and as a theological school. St. Joseph's, erected in 1927, is a Catholic College, operated by the Christian Brothers as a men's residence. In 1927 also, the University radio station was opened, and the Students' Union built the covered rink, which was later turned over to the University and is now being used as a C.O.T.C. Drill Hall. The three large buildings to the rear of the Arts building are the Power Plant on the south, the North Lab. on the north, and the South Lab. in the centre. The University Department of Extension is housed in the Power Plant building.

Last year more additions were made to the campus, and though not of the magnitude of those which preceded them, they are most certainly an addition to our U. of A. They consist of the Gasoline Testing Laboratory, situated just north of the Arts building; the Infirmary, situated just west of the Medical building; and the dressing room addition to the Covered Rink. The larger hangar which stands to the south of

the University residences was completed last year by the Royal Canadian Air Force for drill purposes.

We may look to the future with some feeling of anticipation as well, for in the brief submitted to the Government of the Province last year by the University Survey Committee there is a long section dealing with the inadequacy of present facilities and a long term building program formulated with a view to overcoming this difficulty. There is every indication that when conditions become more favorable this building program will come into effect.

## CHAPTER II.

### DISCIPLINE

#### The Committee on Student Affairs

Although the Students' Union is given wide powers by virtue of its delegated authority from the University Senate, it is directly accountable to the Senate Committee on Student Affairs for all its actions. This committee was created to provide an opportunity for representatives of the administrative, faculty and student bodies to meet and discuss student affairs in a friendly atmosphere.

Appeals may be taken to this committee from decisions of the Wauneita Council, The Disciplinary Committee, or the Constitutional Enforcement Committee. Amendments to the Students' Union Constitution must be approved by the Committee on Student Affairs. However, the most important function of the committee is probably other than the two just mentioned. It keeps tab on student affairs and student problems generally. As a disciplinary body it has the power of expulsion from the University, and the most serious punishment which either of the student disciplinary bodies may impose is a recommendation to this committee for expulsion.

Members of the student body at large rarely come into direct contact with the committee, but its value and importance to the Students' Union,

through the latter's representatives, cannot possibly be over-estimated.

The student members, outside of those appointed by Council, hold seats on the committee because of the student offices which they hold. These offices are listed in the Calendar, and for this reason are not included here, for few, we trust, will have occasion to have dealings with this body.

## **Student Discipline**

### **The Provost:**

All students are directly responsible to the Provost, Dr. J. M. MacEachran, for the general supervision of student discipline. Attention is particularly drawn to the following resolutions of the Senate:

(1) The use of, bringing or having of liquor on University premises, including residences, is strictly forbidden.

(2) All interference on the part of any student with the personal liberty of another . . . personal violence or indignity . . . initiation . . . is expressly forbidden on penalty of expulsion.

Certain committees have, however, been set up by the Students' Union in order that student discipline may be, as much as possible, a matter of student jurisdiction.

### **The Enforcement and Disciplinary Committees:**

Constitutional alterations made this year radically change these two bodies, and although the general principles underlying the new arrangement have been outlined, a fine division of function between the two bodies has not yet been arrived at. It is to be noted that the new act has not, as yet, been taken before the Committee on Student Affairs, and therefore has yet to receive its final sanction.

The fundamental principle of the new act is to put as great a degree of student discipline

in student hands, where it rightfully should be, as possible. The act, in reality, is not new, being already present in the constitution in theory. Present changes will, however, make its practise a necessity.

In general, it may be stated that these two bodies now have jurisdiction over not only offenders against the Students' Union Constitution, but as well over the personal actions of students of the University when said students are acting as members of campus clubs and faculty organizations, whether they be a part of the Students' Union or not. The act has been given teeth in that the Senior executive of the organization concerned is responsible for reporting infractions of discipline to the committee, or he himself becomes liable for punishment through the committee.

The Enforcement Committee is to be the major committee with judicial powers over constitutional infractions and the misdemeanors of male students. The Women's Disciplinary Committee has not only judicial powers over women students in the same manner, but as well may lay down rules governing the conduct of such students. These powers will doubtless be much clarified as the year progresses.

The penalties which these bodies may at present impose are:

- (1) Fine up to \$10.00 for the C.E.C.; up to \$15.00 for the W.D.C.
- (2) Loss of privilege to attend or take part in student activity or hold student office.
- (3) Refer the case to the C.S.A. with recommended punishment, the most serious being expulsion.

#### **Constitutional Enforcement Committee**

Chairman—Eugene Labrie, 10936 87th Ave.....32868

Members—Bess Morrison, Ian Younger, Marg. Shaw,  
Jesse Gouge.

### **Women's Disciplinary Committee**

Chairman—Marg. Shaw, 11128 90th Ave.....33432

Members—Judy Demetrovits, Prudence Bamlett.

### **House Committees**

For the duration of the war, or rather until the University residences are again made available to University students, there are to be no House Committees. These bodies functioned for the benefit of controlling and directing student life in the residences, and for that reason it is quite evident that they are contra-indicated for the present.

PART VI.

GENERAL  
FRATERNITIES  
SONGS *and* YELLS

## CHAPTER I.

### GENERAL INFORMATION

The content of this, as well as other parts, might well have been greatly enlarged to give a true perspective of the facts, but as most of the material is fully dealt with in the University Calendar, or in the Students' Union Constitution, it was felt that more space should not be devoted to it here.

#### Scholastic Standing

Only bona fide students in attendance at the University or one of its affiliated colleges who are carrying full work and whose scholastic record is certified as satisfactory by the Faculty Council will be permitted to play for or hold offices with any team representing the University. Satisfactory scholastic standing means passing in three-fifths of a full year's course of lectures of University grade. These regulations have been extended to include the following, and others as the Council sees fit:

- (1) Athletics—All competition with outside organizations.
- (2) Dramatics—The Annual Play and the Philharmonic Opera.
- (3) Debates—All debates with outside organizations.

Scholarships and prizes are fully dealt with in the Calendar, but students are reminded in particular of the Board of Governors Scholarship. The scholarship is \$50.00 in value applicable to fees of the year following the award, providing the student is taking a full year's work at that time. The award is granted to all students obtaining a standing of at least 80% in their year's work.

Students are reminded that, for the duration of the war, their presence at the University is a

matter which is in the hands of the National Selective Service Board. No student need be reminded that the only justification he or she has for being at University at this time is that, in the opinion of those best qualified to judge, he is better qualifying himself to serve his country at some future date. The question, "What did you do today to help win the war?" is a rather difficult one for students to answer, but for the present we have been led to believe that any student who is diligently applying himself to his work has every right to say that he has contributed to the cause. Keep this fact, and particularly this question, in mind as the days go on, and remember that now, as never before, you must apply yourself to your academic work to the limit. Your work will not suffer by a limited and intelligent participation in extra-curricular activities, but in this regard you will have many decisions to make in the next few months. Let us hope that you make them wisely.

### **Attendance and Lateness**

Attend all lectures and laboratories, and be there on time! Failure to do so may result in the loss of your right to write examinations in the spring. Regulations dealing with this may be found in the University Calendar. Read them!

### **Medical Services**

Phone 31765—Infirmary.

Every student in return for payment of a compulsory levy of \$5.00 made at registration is entitled to medical services as set out in the special pamphlet issued at that time. "Alberta" boasts one of the most complete medical services on the continent for such a low fee, and students are advised to acquaint themselves with the service available as outlined in this pamphlet. The Infirmary, which belongs to the University,

is situated just west of the Medical Building. Miss Revell, a graduate nurse, is in charge, and at this building students are given the best of hospitalization for minor complaints. A physician is in attendance from 1:00 to 2:00 p.m. daily, but the Infirmary is open for most of the day as a service to students. It is, however, closed from 5:00 to 6:00 p.m. and after 8:00 p.m. as far as students coming for attention is concerned.

As well as free attention at the Infirmary, certain hospitalization is given free to students at the University Hospital under the system. For the duration and type of treatment and the conditions covered under this service, students are directed to the pamphlet already mentioned.

Although the Medical Services are not a part of the Students' Union, the University officials, realizing that this service is a student service, have set up a committee, consisting mainly of students, which supervises it. For this reason students with questions regarding the service are directed to contact the President of the Students' Union.

If you miss a lecture through illness, don't fail to have the Infirmary physician sign an absence card for you.

### **Mail**

Mail is received twice daily on the campus at the Post Office, which is situated in the basement of the Arts Building. Office hours are from 10:00 to 12:00 noon and 1:30 to 5:00 p.m., at which time letters may be obtained and other business of such a nature conducted. Personal mail boxes are obtainable at the post office for the sum of \$1.00.

General student letter-racks are situated just to the right of the Post Office proper where intra-University communications may be placed or received. Students are reminded that they

should pay frequent visits to this rack and make every use of the service provided.

### **Affiliated Colleges**

St. Joseph's College is a Catholic College, the management of which is entrusted to the Christian Brothers. It is centrally located on the campus, and offers all the requirements of a University residence. St. Joe's is not a divinity college, though it offers a course in Religious Knowledge which is accepted by the University as a senior option. Several extra-curricular courses are also offered. Connected with the college is a very attractive Gothic chapel.

St. Joe's has a very active house committee, the only permanent official of which, due to rotation of other offices among the members, is Ed. Miller, obtainable by phoning the student phone at the college, 33008.

St. Stephen's College is the provincial theological college of the United Church of Canada. Here students are trained for the ministry of the United Church. St. Steve's, as well, provides board and residence privileges to students of other faculties. Social, athletic and other interests of the student body are well looked after by the elected Students' Council under President Dave Elves. The college is fortunate in having a good reference library and a gymnasium for those so inclined. The general student phone number is 31631, though the nurses who populate the restricted parts of the college have two additional phones of their own.

### **The Chapel and Sunday Services**

Every morning at 7:45 a ten-minute period of worship is conducted at St. Stephen's College Chapel. The service is sponsored by the College, the Students' Christian Movement and the Inter-Varsity Christian Fellowship in co-opera-

tion with a number of city churches. Students of every denomination are invited to attend.

The first Sunday in each month an undenominational service is held in Convocation Hall. The service is conducted by the S.C.M., the speakers being outstanding religious men from various denominations.

### **Canadian Officers' Training Corps**

Officer Commanding.....Lt.-Col. P. S. Warren  
Second-in-Command ..... Major G. M. Smith  
Orderly Room Phone, 33915.

In view of the fact that the set-up with regard to military training has become so extensive with regard to students, it is felt that the matter cannot be covered in a book of this size for fear that a brief account might lead to misinterpretation. For that reason persons with queries on this question are directed to contact the Orderly Room.

### **Women's War Services**

Director—Miss Mable Patrick.....32417

### **N.F.C.U.S.**

The National Federation of Canadian University Students, of which every "Alberta" student is a member, aims to promote a better understanding between all students; to foster a greater degree of co-operation between all Canadian universities for the promotion of national interests; and to provide a means of developing international relationships with the student groups in other countries.

In view of present circumstances this body is not functioning as it ordinarily would in peace time. However, it is felt that its work should be briefly outlined, for many of the students are apparently unaware of its presence.

1. It arranges National Debating tours and reciprocal debates between Canada, England,

Scotland and Australia. This has, of course, been discontinued.

2. It provides exchange scholarships for students with a good second class standing, who may go to another University to study for a year, tuition and Council fees being waived. This is still being done.

3. It has sponsored an Imperial Conference of students from all parts of the Empire, several Canadian conferences, and at one time a conference every second year to which each Canadian university sent a representative.

4. It undertakes all tasks of general interest, such as negotiations for reduction of fares for travelling teams, and so forth.

The Alberta N.F.C.U.S. representative for the present session is Lloyd Grisdale, President of the Students' Union.

### **W.C.I.A.U.**

The Western Canadian Intercollegiate Athletic Union is an association of Men's and Women's Athletic Associations of the four Western Canadian Universities, and is affiliated with the Amateur Athletic Union of Canada. Ordinarily a very active body with semi-annual meetings to arrange general policy and schedules, it has, for obvious reasons, been forced to limit its activity for the present time.

### **The University Book Store**

Manager—Mr. Charlie Hosford.....33418

The store, situated in the basement of the Arts Building, is owned and operated by the University of Alberta as a service to students. Besides carrying a complete stock of stationery and supplies, the Bookstore carries official University crests and souvenirs as well as the particular technical books required for the courses offered at the University.

## **The University Printing Department**

Manager—Mrs. B. Donnan .....32605

Altogether, too many students fail to appreciate the fact that the University has, in the basement of the Arts Building, a complete printing and bookbinding unit. As well as print University booklets and manuals, this department produces such Union publications as The Gateway and the Telephone Directory-Handbook. The department also extends its many services to campus clubs and individual students.

### **CHAPTER II.**

## **FRATERNITIES**

A fraternity is a social group having for its aim brotherhood and the friendship of congenial association. It should offer to the individual an opportunity of learning to live in harmony with his fellows. Since a fraternity is a home, its membership is by invitation only, and membership should be based on personal qualifications rather than athletic, scholastic and social attainments. Congeniality is of necessity the primary consideration.

Membership in a fraternity is a two-sided affair. Firstly, the group must desire the association of the individual and, secondly, the individual must desire to associate himself with that group. Since this requires a knowledge of the other party, as far as both sides are concerned, the fraternities entertain prospective members within specified periods (a practise termed "rushing") in an attempt to acquaint both parties and make the above mentioned decisions more simple. A fraternity expresses its desire to make an individual a member by extending a "bid" to him, at which point the decision as to membership is passed on to the individual himself. He must consider carefully whether he wants to live

with the group that has approached him, whether he can afford to live in the social sphere to which they aspire, and whether he could make their ideals and aims his own. Having considered these and other questions, he makes his decision as to whether to affiliate or not.

One thing must be remembered by all students. If you join a fraternity do not be deluded into thinking that you are any better than any student who is not a fraternity member, or have been singled out for some outstanding honor. There is no room in our University for persons with such a narrow, unjustifiable attitude. You have joined in order to gain such personal enjoyment and experience as you can from the association, and the affiliation itself, neglecting the possible effect it may have on an individual over a period of years, makes you no better than ever, which at best is John Doe.

For the same reason, if you are not invited to become a member of one of these social groups, never imagine that you are considered inferior to one who has received an invitation. Many of the best and most popular students on the campus have not belonged to fraternities.

Remember, we all belong to a fraternity which surpasses all—"Our Alberta"—in which affiliation there is some reason for pride.

### **Pan-Hellenic Conference**

Pres.—Beth Empey, 11505 95A St.....72312  
Sec.-Treas.—Ruth McCuaig, 9117 112th St.....31914

### **Inter-Fraternity Council**

Pres.—Bob Macbeth, 10328 121st St.....82065  
Vice.-Pres.—Bob Black, 11135 84th Ave.....32976  
Sec.-Treas.—Mike Wolochow, 11003 90th Ave.....33616

These two groups are made up primarily of representatives of the fraternities on the campus; the former, women's fraternities; the latter, men's fraternities. Their function is to co-

ordinate and generally supervise the activities of these various groups so that they may better assist the Students' Council and the University, as well as co-operate one with the other.

### **Women's Fraternities**

Chairman—Norris West.

House—9127 117th St. Phone 31320.

### **Co-Ed Club:**

Pres.—Jean Ball, 10933 124th St.....81801

This club was founded last year in answer to a need which followed the loss of the women's residence, Pembina Hall. It was felt at that time that there was a definite need for an organization of some sort to provide the friendly associations lost at that time to girls not affiliated with fraternities or other campus clubs.

Although organization for the present year is not complete, it is planned that the club will hold monthly meetings of a diversified nature varying from lectures and talks to social events. There is a small charge for membership, and further information may be obtained from the President.

### **Parnassus Club:**

President—Don Campbell. Phone 31880.

## **CHAPTER III.**

### **SONGS AND YELLS**

#### **SONGS**

#### **The Alberta Cheer Song**

Ring out a cheer for our Alberta,  
A song of praise to Varsity.  
For the splendour of our mountains,  
Our prairies green and gold,  
Ranked beneath whose glowing colors,  
Our legions march enrolled.  
Our memories will live forever,  
Beloved University.  
We will fight for thee and cheer,  
And ever hold thine honor dear.  
Our Alma Mater, U. of A.

Green and Gold Quaecumque Vera,  
Guide us through each coming era,  
Guide us on through battle gory,  
To the new and greater glory.  
Ring out a cheer, etc., to U. of A.

### **My Girl She is a Queen**

My girl she is a Queen;  
She wears the Gold and Green;  
She goes to Varsity, too,  
Just like the others do.

Chorus:

And in my future life  
She's going to be my wife.  
How in the world d'ja find that out?  
She told me so.

She goes to all the games  
Just like the other dames,  
I fork out all the change  
Just like I had no brains.

When we go walking  
She does the talking,  
I do the squeezing,  
She does the teasing.

When we grow older,  
She will grow bolder,  
And she will hold her  
Head on my shoulder.

### **The Golden Bear Song**

Our sturdy Golden Bear,  
Is watching from the sky;  
Looks down upon our college fair  
And guards it from his lair.  
Our banner Green and Gold,  
The symbol of the bold;  
Means fight for good old U. of A.  
We'll back Alberta through and through

## YELLS

### Alberta

Varsity, Varsity, Rah, Rah, Rah,  
Varsity, Varsity. Al-ber-ta,  
Hi-yi, Ki-yi, Rah, Rah, Rah,  
Rip it out, tear it out, Al-ber-ta.  
Varsity, Varsity, Hip-hoo-ray,  
A-L-B-E-R-T-A!

### U.A. Locomotive

U-A—Rah—Rah (slowly)  
U-A—Rah—Rah (faster)  
U-A—Rah—Rah (fast)  
Varsity! Rah!

### Whispering Oski

Whisper:

Oski—Wow wow  
Wiski—We wee  
Holy—Mucky eye  
Holy—Bucky eye  
ALBERTA Wow.

Yell:

Oski—Wow wow  
Wiski—We wee  
Holy—Mucky eye  
Holy—Bucky eye  
ALBERTA Wow.

### Rah-Rah

Three Rahs (for players)  
Six Rahs (for captain or coach)

### Three Rahs

Alberta Varsity (or name)  
Rah, Rah, Rah.

Alberta Varsity (or name)  
Rah.

## Who Is He?

Leader asks questions—crowd answers

Who is he?

(Name)

Is he good?

I'll say he is.

Do we love him?

You bet.

(Name)—RAH.
